

Announcing Nalini's 10 Minute Investing System - Now Available

It's officially launch time! The Basic 10 Minute Investing System includes:

10 Minute Investing Strategies: The 3 Step Plan To Create Your Wealth In 10 Minutes A Year

Manual - reveals powerful investing fundamentals the Pros use, the 3 step wealth creation process, BestFit strategy selection, and 15 investing strategies.

Workbook/Action Guide - use this guide along side the 10 Minute Investing Strategies manual to create your plan, select your strategy and review your portfolio once a year.

Performance Analysis of each of the portfolios covered in 10 Minute Investing Strategies. There are 31 portfolios to choose from. The System walks you through a Best Fit Strategy process to guide you to the most appropriate strategy.

Excel-based investment goal calculator - Helps you determine how much money you'll accumulate based upon how much you contribute and guides the risk level needed for your strategy.

And, you'll receive the accompanying mp3 audio files hot of the iPod, so to speak in a couple of weeks.

SPECIAL BONUS: For the first 50 people who order the BASIC 10 Minute Investing System before September 30th, I'll include a 30 minute complimentary consultation with me.

Enter coupon code launch08 to get \$20 off your order.
